

“Let’s Write”

Week 25

This week you are going to use this bubble map in order to write a paragraph in response to the Week 25, “Let’s Write” activity in your Social Studies Weekly magazine. You may print this out or draw on a separate sheet of paper.

Pretend you’re on a mission to Earth from another planet in another galaxy. Part of your mission is to check out the planet Earth and report back to your home world if you find places where your friends can live. While exploring in your spaceship, you find a city in the Sunshine State that you know everyone back home would enjoy. Before you begin to write, think about what your people would enjoy about the city. Use the bubble map below to organize your thoughts. Once you are finished, use your thoughts in a paragraph. Be sure to elaborate on your thoughts.
